

I'm Turning Now

Pissed Jeans

Strapped in
Look at you
Next to me, passing through
It's come to this, nothing new
Well I've been waiting here, for seems like over a year
And I'm getting so sick and frustrated
Well it's about time, that I got what's mine
'cause I ain't getting younger while I sit down in my
seat
The bell's gotta ring, or the color's gotta change,
For me to get anywhere
I know I'm a good person
So I'm not worried
I'm just taking what I deserve
I'm turning now
