

# We Are Strong

Pitbull

Mr. Worldwide, I just want to welcome everybody to my life  
It's heaven on earth, but it's one hell of a ride  
Let's show everybody why love is a battlefield  
Tell them how you feel

We are young, heartache to heartache we stand  
No promises, no demand  
Both of us knowing, love is a battlefield

Closed the Grammys and got all the credits, literally  
But I'm a hustler boy, you can't rid of me  
I'm not religious but my passport looks like a bible  
Presidential debates unreliable  
Politicians want to politick and politrick  
That's why I call this shit politricks  
I'm a young man, old soul  
I can't listen to this new school shit  
To me it's just so-so  
I did my own thing, created my own lane  
I may not like the players, but I love the game  
I love the hustle and that's real  
And that's why love is a battlefield

We are young, heartache to heartache we stand  
No promises, no demand  
Love is a battlefield  
We are strong  
No one can tell us we're wrong  
Searching our hearts for so long  
Both of us knowing, love is a battlefield

Born in Miami, Cuban boy in the '80s  
Took over the game and they thought we were crazy  
You name it we did, we bought it, we sipped it, we run it  
Let all these public traded companies know that we're coming  
David vs. Goliath, live in the flesh, Armando Perez, boy am I blessed  
I learned from the worst, but listened to the best  
Figure out that riddle and figure out success  
I did my own thing, created my own lane  
I may not like the players, but I love the game  
I love the hustle and that's real  
And that's why love is a battlefield

We are young, heartache to heartache we stand  
No promises, no demand  
Love is a battlefield  
We are strong, no one can tell us we're wrong  
Searching our hearts for so long  
Both of us knowing, love is a battlefield
