

Boys and Girls

Pixie Lott

1. I'm looking in the mirror and I think I'm liking what I see
Big big lights shining bright like Im on the T.V

My heart pumps as the bass drum thumps you gotta move when the boy jumps
Somethings going on and I think its going on right now

R: All the boys and the girls
they got it going on
When the beat kicks in
the feeling in your bones
When the bass impacts
and the needle drops
When you can't turn back
and you just can't stop
All the boys and the girls
(no you just can't stop)
All the boys and the girls
(no you just can't stop)
All the boys and the girls

2. I can see the silhouette standing up against the wall
It sure feels good feels good yeah were gonna lose control
Turn it on make it strong a good beat never hurt no-one
Kicking up the dust and were making every move we know ye-e-ah

R: All the boys and the girls...

*: Wooooh oooh baby dont stop
Wooooh oooh keep the vibe hot
Wooooh oooh baby dont stop
Wooooh oooh keep the vibe hot
Turn it on make it strong
a good beat never hurt no-one

R: All the boys and the girls...
