

# Taken

Plumb

can see you standing in the pouring rain  
Waiting for changes to carry you away  
I can see the light fall from your eyes  
As we get lost in the tears of this goodbye

But you can't go farther  
Than my heart can go  
Cause I'll still be loving you  
Through the sadness and the madness here  
And I'll always be with you  
In the distance  
That has taken you  
From me

I can hear you laugh  
When I close my eyes  
I can picture your face  
And the strength inside your smile  
I can see the words  
Dance across your lips  
I'll remember forever  
Something more than this

And you can't go farther  
Than my heart can will go  
Cause I'll still be loving you  
Thought the sadness and the madness here  
And I'll always be with you  
In the distance  
That has taken you  
Fom me

So you can't go farther  
Than my heart will go  
Cause I'll still be loving you  
Thought the sadness and the madness here  
And I'll always be with you  
In the distance  
That has taken you  
From me

And I'll always be with you  
In the distance  
That has taken you  
From me  
That has taken you  
From me
