

Summer Please

Poliça

Whatchya wanna be when you're big enough to see it's all shit?
It's all shit it's all shit I've got mine, I'll be fine
Babies breath, still as...
Pull into the alley...
There's no story that can tell
A reason for a man to hit
His woman in the face
Child finds the exit
Never sees her face the same way
Raising with no remorse,
But still this is not my cruelest day.
I've got mine, I'll be fine
Babies breath, still as time
It's all shit
I've got mine, I'll be fine
Babies Breath, still as time...
War road, watching what you tread
Hammer blind, now you can't be lead
Summer shots, what my sister said
What my sister said, what my sister said
She said
Summer shots, what your sister said
Corner store all my moneys spent
I got mine, you'll be fine
Babies breath, still as time... pause
Summer shots, all my sister said
Corner store all my moneys spent
Summer please, summer please
I got mine, you'll be fine
I'll be fine...
I got mine, I'll be fine
Babies Breath still as time
