

# Out Of Control

## Pony Pony Run Run

Always on their stool  
they said we're too young  
Come here boys and girls  
come together La La La La

Bloody curfew  
it's the first time  
one day will be Out of control  
behind your own  
I know you can  
and you will be

Put your worst make up  
dressed up where you want  
Revolutions coming  
time is up you're on

Bloody curfew  
it's the first time  
one day will be Out of control  
behind your own (you're on?)  
I know you can  
and you will be

You'd better take your phone  
and call me all night  
you've gotta try it on  
and keep your nature rights

Put your worst make up  
dressed up where you want  
Revolutions coming  
time is up you're on

Bloody curfew  
it's the first time  
one day will be Out of control  
behind your own  
I know you can  
and you will be (2x)

You'd better take your phone  
and call me all night  
you've gotta try it on  
and keep your nature rights (4x)
