

Bliss Is

Poor Old Lu

raised to be rich
trip or be tripped
give to get, live to get
throw a fit
give to get, live to get
what is it?

you're gonna have to wait
my family can't relate
on the floor, out the door
clean the slate
on the floor, out the door
in this hate

and this is how
i'll let it go
Savior save me
from what i know
(oh, what do i know?)

pushed ahead in this
society angry bliss
disregard life is hard
give a kiss
disregard life is hard
cut my wrist

did i never care?
silence at the dinner chair
hush up now, hear us now
sit and stare
hush up now, hear us now
was it fair?

and this is how
i'll let it go
Savior save me
from what i know
(save me from what i know)
