

## Rich Boi

## Porcelain Black

Give it up  
You want my juicy red lips, no lie  
Burn it up  
No paper is buying me love, I  
I fire up  
No gangsta shooting me down tonight  
Give it up  
You're pussy-whipped, so it's on tonight

So love me, love me, love me  
I'll drive you, drive you crazy  
Just spend it, spend it on me  
Let's go, baby

Blow that money on me  
Everybody knows that your daddy pays  
Throw that money on me  
Everybody knows that I'll play your game

I want this, look at that, buy me that  
Little, little, little rich boy  
Throw that money on me  
Everybody knows that your daddy pays  
Little, little, little rich boy  
Little, little, little rich boy

Chug it up  
Can't even handle these drinks you buy  
Take 'em off  
Your shades aren't working too well, you lie  
You and I  
Are different breeds and our worlds collide  
Do or die  
You ain't, you ain't shit, just walk the line

So love me, love me, love me  
I'll drive you, drive you crazy  
Just spend it, spend it on me  
Let's go, baby

Blow that money on me  
Everybody knows that your daddy pays  
Throw that money on me  
Everybody knows that I'll play your game

I want this, look at that, buy me that  
Little, little, little rich boy  
Blow that money on me  
Everybody knows that your daddy pays  
Little, little, little rich boy  
Little, little, little rich boy

Throw all Benjamins in the sky  
Rolling up Lincoln now I'm so high  
Lonely Washington I don't like, I don't like

If you love me, love me, love me

I'll drive you, drive you crazy  
Just spend it, spend it on me  
Let's go, baby

Blow that money on me  
Everybody knows that your daddy pays  
Throw that money on me  
Everybody knows that I'll play your game

I want this, look at that, buy me that  
Little, little, little rich boy  
Blow that money on me  
Everybody knows that your daddy pays  
Little, little, little rich boy  
Little, little, little rich boy
