

# Mystery Achievement

The Pretenders

Mystery Achievement

Don't breathe down my neck, no  
I got no trophies on display, I sign them away  
I mean what the heck

All of your promises

Don't fill me with pride, no  
I just want to get out on the floor  
And do the Cuban Slide, Slide, Slide, Slide

But everyday, every night time I find  
Mystery achievement, you're on my mind, on my mind  
Everyday, every night time I feel  
Mystery achievement, you're so unreal

Mystery achievement

Where's my sandy beach, yeah  
I have my dreams like everybody else  
But their out of reach, I said right out of reach

I could ignore you  
Your demands are unending, yeah  
I got no Ts on my skin  
But you know me, I love pretending

But everyday, every night time I find  
Mystery achievement, you're on my mind, on my mind  
Everyday, every night time I feel  
Mystery achievement, you're so unreal

But everyday, every night time I find  
Mystery achievement, you're on my mind, on my mind  
Everyday, every night time I feel  
Mystery achievement, you're so unreal
