

So Bright

Pretty Lights

The light is shining bright
So bright, so bright, I forgot I'm blind
The light shining bright
So bright, so bright, I forgot I'm blind

Something is changing my light

Ain't stoppin' it, Ain't stoppin' it, stoppin' it

Don't leave me
Don't leave me
Don't leave me

Just another minute while I pull enough people
In here so I can chance to make another verse
Or question that never comes abstracted

Pop lock give mother earth to the break or
The part in the seas where the face round make rounds
Shakedown and I take a mother fucker out ease
Mother fucker out E-Z-A sliding
Any time I'm ready give a second to misstep
Slicing and dicing and dicing that bright light energy infinitive
Definitive, that great light energy infinitive, definitive

However, if you will have wailed, have wailed
If you will have wailed, eee have wailed
If you will have wailed, eee have wailed

Reppin' and put the niggah pretty light I'm with
I thought, I might as well give in cause it ain't stoppin'

I said, I said I might die as well, die
I said, I said I might die as well, die
I said, I said I might die as well
