

# No Sleep

## Primer 55

Well I'll never, give up again  
You know well I'll never, betray myself again  
I toss and turn because I can't sleep  
Can't concentrate because I can't think

Well I'll never, let go again  
You know well I'll never, go back again, again  
Another night that I can't, can't sleep  
I block it out of my memories

Falling further down  
Face first on the ground  
Chance to keep me sober  
Get up, get up, get up take the offer

Well you'll never, believe in me  
You know you'll never, look down on me again  
I'm breaking down my insecurities  
I'm in control of my stability

Well I'll never, look such again  
You know I'll never, look back again, again  
I'm putting all of this behind me  
I'm in control of my memories

Falling further down  
Face first on the ground  
Chance to keep me sober  
Get up, get up, get up take the offer

Buck, buck, buck  
Buck, buck, buck

Well now come on, give it up say buck, buck, buck  
Come on, give it up say buck, buck, buck  
Come on, give it up say buck, buck, buck  
Come on, give it up say buck, buck, buck

Falling further down  
Face first on the ground  
Chance to keep me sober  
Get up, get up, get up take the offer

Get up, get up, get up take the offer  
Get up, get up, get up take the offer  
Get up, get up, get up take the offer  
Get up, get up, get up take the offer

Give it all back to me
