

Another mutha fuckin' pig talkin' shit tryin' to teach me a lesson  
Another fuckin' point about the way I'm dressin'  
Baggy pants, baggy shirt, long hair so what  
(What?)  
I don't give a fuck what you think, keep your mouth shut  
(Shut)  
I don't wanna hear what the fuck you gotta say  
Do it like this, you gotta do it my way  
Bullshit, I'm not a clone, I'm a fucking individual, yeah, imagine that  
It's a muthafuckin' miracle

Look into the eyes of a killer man, look into the eyes of a pig  
Look into the eyes of a killer man, slam, damn boy, I wish you did

Look into the eyes of a killer man, look into the eyes of a pig  
Look into the eyes of a killer man, slam, damn boy, I wish you did

I look to the east and the west side, try to run, try to run  
But you can't hide from everyone of your fuckin' harassments  
One more pig just got that ass kicked  
I got the news from the boys in blue  
They best not fuck with the wicked crew  
Throwin' down on pigs and I'm never gonna confess  
Give it up, give it up, I'm getting buck wild, yes

Look into the eyes of a killer man, look into the eyes of a pig  
Look into the eyes of a killer man, slam, damn boy, I wish you did

Look into the eyes of a killer man, look into the eyes of a pig  
Look into the eyes of a killer man, slam, damn boy, I wish you did

Here I come, I got to get wicked  
Here I come, I got to get wicked  
Here I come, I got to get wicked

Here I come, I got to get wicked  
Here I come, I got to get wicked  
Here I come, I got to get wicked

Here I come, I got to get wicked  
Here I come, I got to get wicked  
Here I come, I got to get wicked

Here I come, I got to get wicked  
Here I come, I got to get wicked
