From there home town  
Where people drown and where the town leaves die

Has thrity books and one dictionary  
But thats okay no one reads anyway we all watch tv

So heres your lullaby  
No girl dont cry just rest your head and go to bed your time wi

Away  
Never a day just dream your life away  
Sleep...

All the dogs will die  
They just cant seem to stay alive  
Cause in this town our cop shoots him down and we just let him  
go inside

Please God please what happened to our dreams  
Were loseing hope so we invest in dope to feel our vacant feeli

So heres your lullaby  
No girl dont cry just rest your head and go to bed your time wi  
ll come to fly  
Away

Never a day just dream your life away  
Sleep...
