

Pull Me Closer, Violent Dancer

Project 86

I've got a monster to tame
It looks alot like your face
I said to let go of all your inhibitions with me
We'll make all our worries disappear with our feet

Don't worry
Don't worry
Come with me
Come with me
And move now
Slowly
Slowly
Sweat it out
Sweat it out

Don't stop pulling me closer
I love it when you let me fall to your hands
My favorite thing is when you don't stop dancing

I've got a monster to please
It says to dance with me
Pppplease violent dancer drag yourself to the floor
And don't stop swinging till we break down the doors

And swing now
Swing now
Twist around
Twist around
And move now
Further
Further
Sweat it out
Sweat it out
