

Irrelevant Thoughts

Prong

Look, listen, learn

Listen

All I've been taught
All that confused me
Irrelevant thoughts
All just to use me

For society's will
Denied my own person
But there's still a will
For my very own lesson

Now I know nothing
That my mind can't create
Now they'll know something
Of the mind they create

Look, listen, learn
It's time they learn
...

Rite to my will
Rite to my impulse
Territorial rites
Right to your downfall

Look, listen
Look, listen, learn
...
