On the night that I was leaving the moon rose in the sky As I came to fetch my suitcase and then you began to cry I've never seen you look so ugly as the way you did that night That night was eighteen months ago

Now I'm two hours from the station, yeah I'm coming home again I'm gonna show this town who's master soon as I get off this t rain  $\frac{1}{2}$ 

You're gonna love me more then ever and the sun will shine again

And I will kiss your face and I will make you smile again

And then the whole damn town will come on out to welcome me Oh they will open all the doors and give it all to me Oh no, but still youre voice is ringing in my ears Don't you want me anymore?

And I can't, I can't believe it's happening, I know that, oh th ere must be some mistake

You've found yourself another lover and you're glad we made the break

Oh you don't even, you don't even want to see me, you just wann a wave and say "Goodbye"

Go away now and leave us alone, no this house is not your own

And now the whole damn town has come around to laugh at me Oh they can stare for ever more, you do not care for me Oh they can stare now for a hundred thousand years Don't you want me anymore?
