When I was with this girl last night / she held me tight; it tu rned me on The moon was dark and those clothes were tight her perfume strong; it turned me on Fleeting moments touched in the night then so strong but banished by the light Her presence gone, memories remain / of how she kissed and turn ed me on Now there's this love inside of me / I've got this love / insid e of me And I still have dull aching pain / desire to reach and touch y ou once again Distractions cannot sate the need / it grows once more, it grow s once more I've got this love inside of me / I've got this love / inside o f me I've got this love inside of me / I've got this love / inside o f me I have this pain inside of me / Why can't you see? Why can't yo u see? I'm stranded here with no way home Please rescue me, oh won't you rescue me? I've got this love inside of me / I've got this love / inside o f me I've got this love inside of me / I've got this love / inside o f me.
