

# Love the Way You Love Me

Pussycat Dolls

La, la, la, la...

Mister invisible, tell me how did I miss you boy  
How could you have never caught my eye  
Were you there all along or were you just shy  
Mister I never noticed you, tell me that you ain't got a girl at home  
See you're a catch, I wanna snatch you up  
I know that I slept on you, now I woke up

(Boy how did I miss that smile, your style, your game, juicy)  
If you lick your lips one more time  
Boy you about to have it

Cause I like it smooth like that, you're cool like that  
Must be good like that, I can tell by that  
I'm gonna love the way you love me  
I'm gonna love the way you love me

Starin' at you too like that, ooh like that  
What it do like that, how you do all that  
I'm gonna love the way you love me  
You're gonna love the way you love me

La, la, la, la...  
(La, la, la, la)

So come with me and walk for awhile  
Can I spring you outta here and talk for awhile  
Gotta know what's the deal with you  
Mister now I'm really feeling you

Cause I even like the way you sip your drink  
Just enough ice on you to make me think  
What I gotta do for you to scoop me up  
And what I gotta say to be the one you touch (You touch)

(Boy how did I miss that smile, your style, your game, juicy)  
If you got a little extra time  
Then won't you let me have it, yeah

Cause I like it smooth like that, you're cool like that  
Must be good like that, I can tell by that  
I'm gonna love the way you love me  
I'm gonna love the way you love me

Starin' at you too like that, ooh like that  
What it do like that, how you do all that  
I'm gonna love the way you love me  
You're gonna love the way you love me

I like how your T-shirt cut you right  
And how you melt me deep inside  
Oh, you're running in a different league  
Don't make me chase you, boy, you know I'm game  
By the way you're rockin' it in them Nike's  
Won't you let me play on your team tonight  
We can go one-on-one, you and me

That's the way that it should be, yeah

Cause I like it smooth like that, you're cool like that  
Must be good like that, I can tell by that  
I'm gonna love the way you love me  
I'm gonna love the way you love me

Starin' at you too like that, ooh like that  
What it do like that, how you do all that  
I'm gonna love the way you love me  
You're gonna love the way you love me
