

# Williams Avenue

Quarterflash

On the North side of town  
Where that blood-red moon is goin' down  
And all the stars are right on cue  
High on Williams Avenue

Hallelujah, Friday's here  
The week is long for the insincere  
The wine is red and the song is blue  
High on Williams Avenue  
High on Williams Avenue  
High, high, high on Williams Avenue (yeah!)

I'm a stranger  
I know it's true  
But I was hoping  
That you just might change the rules  
I said it feels I'm in the Portland Zoo  
High on Williams Avenue

Let me ride your Cadillac  
I don't care when I when I get back  
At least I'll say  
That I once knew  
High on Williams Avenue  
High on Williams Avenue  
High, high, high on Williams Avenue (yeah!)

Me and love are more than ready  
For that blood-red moon to shine  
And your autumn air is heady  
Come and take me for a ride

Hallelujah, Friday's here  
The week is long for the insincere  
The wine is red and the song is blue  
High on Williams Avenue  
High on Williams Avenue  
High, high, high on Williams Avenue (yeah!)
