

## Keep Going

Rachael Yamagata

Carry me for a while  
It's your turn to lend a hand  
Carry you for a while  
When you need me I'll be there  
And the walls that keep us in the war  
Will come down  
Follow me  
It's your turn  
For this world has got to learn  
That the only way to change our history  
Is for me to follow you sometimes  
And for you to follow me  
And the doors we never made it through  
start opening  
Oh I need you and you need me  
Trust in me  
I'll be true  
You can trust me and I'll trust you  
If I falter you'll forgive me  
I'll forgive you  
What I don't have you will bring  
And I'll be there for anything  
And we all will find a way to keep going  
Yes we all will find a way to keep going
