I know all your secrets, but I didn't let you know.  
Could I ever make you happy with your self-esteem so low?  
And now we run into the bathroom, and shove our fingers down our throat!  
I loved you, but you clammed up, you never let your feelings show.

Secrets, secrets, you never let them show.  
Secrets, so many secrets, how could I have known?

I know I wasn't perfect, and I'll admit this every time.  
I wanted to be with you, but we had to live our lives.  
Thousand miles stretched between us, and we're both dealing with our past.  
Insecure but too angry, so I know it wouldn't last.

Secrets, secrets, you never let them show.  
Secrets, so many secrets, how could I have known?  
And now it's time to move on, and go our separate ways.  
And now I realize I may never see you again!

I tried so hard to get you to talk to me.  
I begged, and I pleaded, would have gotten on my knees.  
The last times we were together, you treated me like shit.  
So once again I trusted love, and love shoved my face in it.
