

# She's the One

Ray LaMontagne

I never felt like I had anybody  
That I could really talk to  
I never felt like I met anybody  
That I would even want to  
To try and get to know any better  
But that was before I met her

She's the One!  
Oh... She is the One!

I wish somebody could tell me what's goin  
On inside of my head  
I got to find a doctor to figure out  
What's goin on in my head  
He said 'Son can you tell me where it hurts'  
This is all that I said

She's the One!  
Oh... She is the One!  
I just got to get to know that Girl!  
I just got to get to know that Girl!

It's almost more than I can take I think I'm  
About to lose my cool-ah  
I can barely hold a conversation,  
My friends are beginning to wonder  
I can't even walk down the street without my  
Feet falling out from under

She's the One!  
Oh... She is the One!  
I just got to get to know that Girl!  
I just got to get to know that Girl!
