And we'll be fine

When you're lonely Don't be afraid, I'll keep your heart close to mine Lay safely in my arms Lay safely in my arms When you're falling No you won't stay down 'Cause I will hold you Lay safely in my arms Lay safely in my arms When you feel you've had enough From this world that's giving up on you When you feel you've had enough From this world that's giving up don't you Sometimes we get lost walking through the fire And when it all turns to dust We'll watch the ashes light up and we'll rise We'll rise And we'll be fine (yeah we'll be, yeah we'll be) (yeah we'll be, yeah we'll be) And we'll be fine (yeah we'll be, yeah we'll be) (yeah we'll be, yeah we'll be) You'll find peace As the sun falls on you Cry victory With your head held high When you feel you've had enough From this world that's giving up on you On you When you feel you've had enough From this world that's giving up don't you Don't you Sometimes we get lost walking through the fire And when it all turns to dust We'll watch the ashes light up and we'll rise We'll rise And we'll be fine (yeah we'll be, yeah we'll be) (yeah we'll be, yeah we'll be) And we'll be fine (yeah we'll be, yeah we'll be) (yeah we'll be, yeah we'll be) Oh, we'll be fine

```
And we'll be fine
And we'll be fine
And we'll be fine
Just gotta try
You gotta try
And we'll be fine
And we'll be fine
And we'll be fine
(and we'll be, and we'll be)
(and we'll be, and we'll be)
And we'll be fine
(and we'll be, and we'll be)
(and we'll be, and we'll be)
We'll rise
And we'll be fine (yeah, we'll be)
We'll be fine (yeah, we'll be)
Yeah, we'll be fine (yeah, we'll be, yeah we'll be)
And we'll be fine (yeah, we'll be)
Yeah, we'll be fine (yeah, we'll be)
Oh, we'll be fine (yeah we'll be, yeah, yeah, yeah, we'll be)
```
