

# Ex-Girlfriend

Reece Mastin

Hey you, I saw you cross the room  
I couldn't get you off my mind  
I know I might not have a chance  
But baby I got all night

Just like a fantasy  
Something be moving me  
It's like you're meant to be mine  
You never know so fast  
I knew it wouldn't last  
It's like a perfect crime  
You told me nothing lasts forever

I want you, I need you  
Do you wanna be my ex-girlfriend?  
It's so true, I can't keep you  
Do you wanna be my ex-girlfriend?  
Why I'm not surprised when you're breaking my heart?  
So tell me  
Do you wanna be my ex-girlfriend?

Do you wanna be my? do you wanna be my?  
Oh oh (ex-girlfriend!)  
Do you wanna be my? do you wanna be my?  
Oh oh (ex-girlfriend!)

You tell all your little friends  
That I'm just another guy  
I'll say you could be the one  
But I decide to say goodbye

You tell me you always knew  
Love don't always come true  
I guess it wasn't our time  
But baby I can see  
That you're still into me  
Let's give it one more try  
I know that nothing lasts forever

I want you, I need you  
Do you wanna be my ex-girlfriend?  
It's so true, I can't keep you  
Do you wanna be my ex-girlfriend?  
Why I'm not surprised when you're breaking my heart?  
So tell me  
Do you wanna be my ex-girlfriend?

Hey you, I saw you cross the room  
I couldn't get you off my mind  
You said this will never work  
But I don't care if it don't last forever

I want you, I need you  
Do you wanna be my ex-girlfriend?  
It's so true, I can't keep you  
Do you wanna be my ex-girlfriend?  
Why I'm not surprised when you're breaking my heart?

So tell me

Do you wanna be my ex-girlfriend?

Do you wanna be my? do you wanna be my? do you wanna be my? (ex-girlfriend!)

Do you wanna be my? do you wanna be my?

Do you wanna be my? (ex-girlfriend!)
