Freakshow

Step right up (freakshow)
Hit the lights, turn it up, time to get a little love
Ayo
Tear it up, make it count
Tonight we're gonna burn it down
Ayo

Ready, set, go
On with the show
Let me see this place explode
Every boy and every girl
Let's make a noise heard around the world (noise heard
around the world)

Welcome to the circus, welcome to the freakshow
Tonight we're gonna misbehave
Welcome to the nightmare, it's okay to be scared
I know that you'll be down at your game
So let me hear you scream (scream!)
Let me hear you shout (shout!)
Wanna raise the roof and shake the ground
Welcome to the circus, welcome to the freakshow
Tonight we're gonna misbehave
Welcome to the freakshow (freakshow)

Step right up, cross the stage
Let me see you go insane
Ayo
Raise your hands, touch the sky
Stop your feet, tonight's the night
Ayo

Ready, set, go
On with the show
Let me see this place explode
Every boy and every girl
Let's make a noise heard around the world (noise heard
around the world)

Welcome to the circus, welcome to the freakshow
Tonight we're gonna misbehave
Welcome to the nightmare, it's okay to be scared
I know that you'll be down at your game
So let me hear you scream (scream!)
Let me hear you shout (shout!)
Wanna raise the roof and shake the ground
Welcome to the circus, welcome to the freakshow
Tonight we're gonna misbehave
Welcome to the freakshow
(It's exciting to see)
Welcome to the freakshow
(You won't believe)
Welcome to the freakshow
(You're all I need)

Welcome to the circus
Welcome to the freakshow

Welcome to the circus, welcome to the freakshow
Tonight we're gonna misbehave
Welcome to the nightmare, it's okay to be scared
I know that you'll be down at your game
So let me hear you scream (scream!)
Let me hear you shout (shout!)
Wanna raise the roof and shake the ground
Welcome to the circus, welcome to the freakshow
Tonight we're gonna misbehave
