

Can't seem to take your picture off the wall  
We've been apart for way too long  
And I never thought it'd be so hard  
I need the strength to carry on  
Here comes one more sunset without ya  
Are you seeing what I see?

Just like a spark, a spark on the blue  
the stars remind me of you  
Just like the night making it's debut  
You know stars remind me of you  
oh oh oh oh oh oh oh oh oh  
Stars remind me of you

Your voice is cuttin' out here on the phone  
There's so much that I gotta say  
Need you to know I want you in my arms  
And I'm just counting down the days  
There goes one more midnight without ya  
Are you seeing what I see?

Just like a spark, a spark on the blue  
the stars remind me of you  
Just like the night making it's debut  
You know stars remind me of you  
oh oh oh oh oh oh oh oh oh  
Stars remind me of you

Can you remember when we'd wake up  
Make-up pouring down your face  
You'd wanna break up over silly things  
oh oh oh, no no no  
Now you call me  
In the dead of night  
Tell me that you're on the next flight home

Just like a spark, a spark on the blue  
Stars remind me of you  
A beautiful night making it's debut  
You know stars remind me of you

Just like a spark, a spark on the blue  
The stars remind me of you  
Just like the night making it's debut  
You know stars remind me of you  
oh oh oh oh oh oh oh oh oh  
Stars remind me of you  
oh oh oh oh oh oh oh oh oh  
Stars remind me of you  
Remind me of you
