

# Timeless

Reece Mastin

Deeper  
Falling deeper  
Can't be rescued from your eyes  
Restless  
So damn restless  
I won't let you off my mind  
Timeless  
You stand before me  
Holding heaven in your hands

I, I'm not afraid  
I can't explain  
The way I'm feeling now  
You, you fell from grace  
Without a trace  
My heart stopped bleeding on

Patience  
Losing patience  
I just want you by my side  
Trust me  
Why won't you trust me  
Just take my hand tonight  
Beautiful  
You're so beautiful  
You don't even realize

I, I'm not afraid  
I can't explain  
The way I'm feeling now  
You, you fell from grace  
Without a trace  
My heart stopped bleeding on

I remember the day  
When I first saw your face  
The way you smile and just walked away

Yeah I remember the day  
When I first saw your face  
The way you smile and just walked away

Timeless  
You stand before me  
Holding heaven in your hands  
Ohh

I, I'm not afraid  
I can't explain  
The way I'm feeling now  
You, you fell from grace  
Without a trace  
My heart stopped bleeding on

I remember the day  
When I first saw your face  
The way you smile and just walked away

Yeah I remember the day  
When I first saw your face  
The way you smile and just walked away
