

## From Rush Hour with Love

Republica

No Android dreamt of Victoria or tube station allergens  
Just allergic to the 20th century  
But hating every morning  
Shouting out but nobody hears  
She said she loved someone  
But it didn't begin  
So each morning - I'm calling  
From the rush hour with love  
From the rush hour with love  
From the rush hour with love  
Stop sleeping, stop sleeping  
I came back as an insect  
But in another space and time  
I could love and share and feel my feet in the sand  
Stuck down the back of the Westway  
Time check 8:15  
He said he loved someone  
But he didn't love him  
So each morning - I'm calling  
From the rush hour with love (get up wake up)  
From the rush hour with love (gonna get gonna get gone)  
From the rush hour with love (get up - stop)  
Stop sleeping (sleeping) stop sleeping (sleeping)  
From the rush hour with love  
From the rush hour with love (gonna get gonna get gone)  
From the rush hour with love (get up wake up)  
(Get up)  
Stop sleeping (sleeping) stop sleeping (sleeping)
