

# Sleep Tight

Ricky Martin

Don't you know there are no simple answers?  
Just keep talking to yourself  
It's you and no one else

Don't you know that we are only human?  
So be gentle and be kind  
And be true to your own mind

I wonder what you want from me  
You know it's all inside of you  
Inside of you

Love and end, the truth of life  
It's the ups and downs, the wrongs, the right  
Say your prayer, turn out the light  
Everything that you've become  
What turns you off, what turns you on  
Who you are, where you're from  
Sleep tight

Everything's exactly as it should be  
So let go all of your fears  
And hold on to what it's here

The universe is turning and the lessons you've been learning  
They make you who you are  
You've made it through this far

I wonder what you want to be  
You know it's all inside of you  
Inside of you

Love and end, the truth of life  
It's the ups and downs, the wrongs, the right  
Say your prayer, turn out the light  
Everything that you've become  
What turns you off, what turns you on  
Who you are, where you're from...

Whatever you do, whenever  
You've got to trust yourself  
You're holding it all together so long  
People come and go but you will know yourself forever

I wonder what you want to be  
You know it's all inside of you  
Oh, inside of you

Love and end, the truth of life  
It's the ups and downs, the wrongs, the right  
Say your prayer, turn out the light  
Everything that you've become  
What turns you off, what turns you on  
Who you are, where you're from  
Sleep tight  
Love and end the truth of life  
It's the ups and downs, the wrongs, the right (Sleep tight)

Say your prayer, turn out the light  
Everything that you've become  
What turns you off, what turns you on (Sleep tight)  
Who you are, where you're from  
Sleep tight

Turn out the light  
And you'll be fine  
And then, you'll smile

Everything that you've become  
What turns you off, what turns you on  
Who you are, where you're from  
Sleep tight
