

# The Man Who Wasn't There

Rival Sons

Fade away, wish you'd stay  
Think of me eventually  
Like a child, like a child

Searching forward, have we lost him?  
The man who wasn't there

Come with me, let's make believe  
Night and day aren't so far away

Searching forward, have we lost him?  
The man who wasn't there  
The man who wasn't there  
The man who wasn't there
