

Give Me A Smile

Robin Gibb

Ah

It's not the way you say to me, I'll wave goodbye
It's not the search to try to say the tears you'll cry
Because I am crying too for the thought of leaving you

You have to give me a smile as leave you treasure
Do it in style and believe in yourself
'Cause while I'm away I will stay firm beside you
And then I will go with the thought that you tried not to break

You mean heaven to me and when I return to thee
We'll see our own love
You may not know but I do miss you earnestly

Of all the moments in our time, there's none like this
And ev'ry day when our lips met, there's none so bliss
For when I say, sweet c'est la vie
I laugh and leave with tears on me

You better give me a smile as I leave you Heather
Treasure yourself and find time for no else
For while I'm away, I will stay firm beside you
And then I will leave with the thought that you tried not to cr
