

Creeped Out

Robyn Hitchcock

Creeped out American girl
Creeped out by the carpet signals
Creeped out by the magical world
Everything is happening behind your eyes
Creeped out American girl
Creeped out by the animations
Up the wall, out the window they twirl
Lookin' for the animal behind your eyes
It's behind your eyes
Creeped out American girl
Creeped out by the blood you're flowing
Tell a future every twenty-eight days
Everything is happening behind your eyes
It's behind your eyes
Well, your daddy's in the garage
And that's never ever a good sign
And your mama's in the kitchen
Making demons in the pale moonshine
Yes she is, oh, yes she is
Lookin' for the animal behind you
Creeped out American girl
Creeped out by the business waiver
Fix a horn and they'll throw you an earl
Lookin' for the animal behind your eyes
It's behind your eyes
Creeped out American girl
