

# It's Only Rock & Roll

Rodney Crowell

Well, it's only rock and roll keep you running from yourself  
When the only way to slow down is to fall  
It's only rock and roll that caused you to leave home  
When the only way to get back is to crawl.

But the record people love you they can get you on the bill  
Change your name to money dress up fit to kill  
People all around you everywhere you go  
Don't worry they love you son, it's only rock and roll.

Well, it's only rock and roll keep you jumping all the time  
When you really ought to sit this one out  
And it's only rock and roll keep on messin' with your mind  
When you don't know what they're talkin' about.  
All around the world everywhere you go  
People got to have it, it's only rock and roll.

Only rock and roll only rock and roll  
People all around everywhere you go  
Don't worry if they love you 'cause it's only rock and roll.

Well, it's only rock and roll when your money's in the mail  
And your love is on the back of the bus  
And it's only rock and roll when your records start to sell  
And you don't know why they're making such a fuss.

Telephone receiver ringing off the wall  
Can I get a witness each and every call  
Second that emotion chased into your soul  
Don't worry lest you linger son, it's only rock and roll.

Only rock and roll only rock and roll  
People all around everywhere you go  
Don't worry if they love you 'cause it's only rock and roll.

Only rock and roll only rock and roll  
People all around everywhere you go  
Don't worry if they love you 'cause it's only rock and roll
