

Na-nominee

Roger Miller

Well we're tailor-made, for each other babe
We're so much in love with each other
We're so much inclined to spend all our time
With nobody else but each other

Na-nominee, na-nomino, na-nomina na na na na
Na-nominee, na-nomino, na-nomina na na na na

Come walk down my road, and lighten my load
Just walkin' along here beside me
And don't be afraid to lay in the shade
As long as you're laying beside me

Na-nominee, na-nomino, na-nomina na na na na
Na-nominee, na-nomino, na-nomina na na na na

Well la-lady-hey, la-lady-oh, la-lady-ah-la-la love you
And everywhere I go, everybody know
How much I la-la-la love you

Na-nominee, na-nomino, na-nomina na na na na
Na-nominee, na-nomino, na-nomina na na na na
To fade
