

# That's The Way It's Always Been

Roger Miller

Leave a door open and the fly comes in  
Leave a door open and the fly comes in  
Leave a door open and the fly comes in  
That's the way it is and how it's always been  
That's the way it's always been

Fall yourself in love and get your teeth kicked in  
Fall yourself in love and get your teeth kicked in  
Fall yourself in love and get your teeth kicked in  
That's the way it is and how it's always been  
That's the way it's always been

A little lesson or two in the art of livin'  
May I be forgivin' if I'm guiding you wrong  
Sing for your supper  
Remember on the other end of the spoon  
The guys working for a song

You'll get your heart broken throwing caution to the wind  
You'll get your heart broken throwing caution to the wind  
You'll get your heart broken throwing caution to the wind  
That's the way it is and how it's always been  
That's the way it's always been

Just a lesson or two in the art of livin'  
May I be forgivin' if I'm guiding you wrong  
Sing for your supper  
Remember on the other end of the spoon  
The guys working for a song
