

# A Legacy Of Unrest

Rome

Master, I Praise You  
I've Come Here To Tame  
The Demands Of The Flesh  
I've Come To Forget My Name  
We All Thought That The Moon  
Should Be Turned To Blood  
And That It's The Worst Thing  
To Want For One Who Comes Not

But There's Nothing Left Than To Obey  
All Of Their Laws Of Wealth  
Always Fighting On Both Sides  
No Denial, No Denial

Master, I Serve You  
And I Serve The Language  
Of Failure And Doubt  
I've Come To Sell You My Anguish  
We All Thought That The Moon  
Should Be Turned To Blood  
And That It's The Worst Thing  
To Try To Please And Please Not

But There's Nothing Left Than To Obey  
All Of Their Laws Of Wealth  
Always Fighting On Both Sides  
No Denial, No Denial

Yes, There's Nothing Left Than To Obey  
All Of Their Laws Of Wealth  
Master, Are You Taking Sides?  
No Denial, No Denial

And It Feels Like Spring Again  
We've Sealed This Feel Again  
Though You Tried To Blind Me  
I Still Saw You Blush

It Feels Like Spring Again  
We've Sealed This Feel Again  
Though You Tried To Blind Me  
Though You Tried To Blind Me

We Do Not Pause, We Do Not Rest  
So Do Not Speak, Please Do Not Test  
My Nerve Like This, In A Season Like This  
We Do Not Pause, We Do Not Rest  
So Do Not Speak, Please Do Not Test  
My Nerve Like This, In A Season Like This

You Tried To Blind Me  
You Tried To Blind Me...
