Pearls on a String

Blue eyes for miles Pretty as a peach Glorious kind and always on time Never far outta reach Tomorrow's on it's way And there's always new songs to sing Glorious kind, always on time Pearls on a string

Soft, precious and easy Under the sea If you dive down far enough to the bottom Look around and you will see Tomorrow's on it's way And there's always new songs to sing

Glorious kind, always on time Pearls on a string Glorious kind, and always on time Pearls on a string

The sun shinin' down The children laugh and play Glorious kind, and always on time Out there in the day Tomorrow's on it's way And there's always new songs to sing

Glorious kind, and always on time Pearls on a string Glorious kind, always on time Pearls on a string Glorious kind, always on time Pearls on a string

Glorious kind, always on time Pearls on a string
