

Carnival Of Venice

Ryan Leslie

Les
I'm tryna see the best of things
Lace my girl, 5 carats in her ring
Get my moms a crib, my pops a new whip
When it's all said and done - stack a mil for my kids
Work hard, play hard, stack dough, live well
Get away
Stay on an island in my own hotel
Got my little sister proud - like, check him out
She happy I put a pool in her house - she love to swim
I'm known for my taste in ladies
Plus a Murcielago and a pair of twin grey Mercedes
Staties leave me alone when I cruise the expressway
Can't touch me the community loves me
I'm on the news shaking hands
Had to give back
Salvation Army get a hundred grand
And - I own a company of which I'm the chair
I'm the boss, El Jefe premiere
And I'm knowin' they stare
When they see me at the Rolex store
On the low - the rose gold cost a hundred and 4
That's a house on the arm, couple cars on the wrist
Yea - success served cold is a remarkable dish
When they see me, yea - they might stand around for a photo
Watch for a king, got a crown for a logo
Owe it all to God, so the greatest, I thank
The whole team gettin' green, celebrate at the Bank
Yea- that volcano flow slow burn thru your stereo
You know what the business is, you know the scenario
Black Mozart flow, hated like the Taliban
With a black fur coat made of astrakhan
Thick in the club, man, you know I'm a turn up
Money here to get, homie, you know I'm a earn up
Ace for the entourage, bring the Methuselah
Envy make haters turn green like arugula
Still make a fool of you - 'Pagne (pain) in a gold bottle
Stunt hard these lames need a role model
Shorty with the pretty face that's my plus one
Feature presentation - word to Suss One
Gold on the wrist - no time for the gimmicks
Living a self-made "Sweet Dream" Annie Lennox
Class in session, hope you all in attendance
Puttin' the mask on for the Carnival of Venice
