

Shouldn't Have To Wait

Ryan Leslie

R. Les
Listen...

It was just infatuation (yeah)
And I know I should've said so (oooh)
'cause you gave up your relations (yeah)
So that you could have me for yours

Boo, after quite some time
You got restless babe
Said you wanted more, from me (lemme talk about it)
I didn't know what to do
I just turned away
When you looked me in the eyes and say...

This is crazy!
I shouldn't have to wait (that's what you told me)
I shouldn't have to wait for you
I shouldn't have to wait for your love... (no, no, no)
Baby save it!
I shouldn't have to wait
I shouldn't have to wait for you
I shouldn't have to wait for your love...

Uh...
Couldn't see what I was losing (yeah)
When I said I couldn't stay, that night (uh)
And it must have been confusing (yeah)
Can imagine what was on your mind
When you begin to cry

Boo, after quite some time
You got restless babe
Said you wanted more, from me (aaand)
I didn't know what to do (do)
I just looked away (I looked away...)
When you turned to me and you said you're sick of waiting

This is crazy!
I shouldn't have to wait (baby)
I shouldn't have to wait for you (I shouldn't have to wait for you)
I shouldn't have to wait for your love... (lo-lo-love)
Baby save it! (baby)
I shouldn't have to wait (I shouldn't have to wait)
I shouldn't have to wait for you (shouldn't have to wait for your love)
I shouldn't have to wait for your love... (lo-lo-love) (Woo!)

Oooo, I'm not tryna' be tough
I know what you need
And I know I'm not the one
Baby trust me (I know I'm not thaaa one)
To take good care of you
(I know) it's gotta be rough
Said, I know it tears you up inside
Knowing I can't
Give you what you need
And I know its craaaazy...

This is crazy!
I shouldn't have to wait (no I shouldn't have to wait)
I shouldn't have to wait for you (baby)
I shouldn't have to wait for your love...
(shouldn't have to wait for love, yeah)
Baby save it!
I shouldn't have to wait (oh, yeaaaah)
I shouldn't have to wait for you (for your loooove)
I shouldn't have to wait for your love...
(I don't wanna wait for your love)

This is crazy!
I shouldn't have to wait (no baaaby)
