

# Best Thing I Got

Sabrina Carpenter

So what if I just wanna be a little bit out of my mind  
I let you take my heart and I like it  
So what if I have been to be  
A little bit out of my mind  
I better steal your heart and you'll like it

And I don't think it's any kind of secret  
I feel you from a million miles away

And your love is the best thing that I got  
And it's only just begun, but it's never gonna stop  
The best thing, best thing that I got

I know sometimes it seems like I  
I'm just a little bit behind  
I get back on the beat and you know it  
And sometimes I can tell that I  
I'm just a little out of time  
I make you skip a beat and I know it

But I don't think it's any kind of secret  
I think of u a billion times a day

And your love is the best thing that I got  
and it's only just begun, but it's never gonna stop  
It's the best, the best thing that I got

So don't feel lonely tonight  
You know I'll never be hard to find  
So don't go out of your mind  
You know I'll never be too hard to find

I know sometimes it seems like I  
I'm just a little bit behind  
I get back on the beat and you know it

Your love is the best thing that I got  
And it's only just begun but it's never gonna stop  
It's the best thing, the best thing that I got  
Your love is the best thing  
And it's only just begun  
It's the best thing
