Samantha Jade

Sounds like something incredible 's about to happen  
Yea! Uh  
Ha ha ha  
It's beautiful  
Samantha Jade  
Hey  
You know we had to get it in mine  
Let's go!

Can't believe I was ever in love with you  
And at one time I said I'd even go in time for you  
What was I thinking?  
Guess I wasn't thinking  
But I'm so glad I think you know

And even though I cry  
A thousand million times, it's over  
You baby, you ain't my soldier, I told ya  
I'm tired of all your lies  
So I'm breaking ties  
Hold up, now I'm in control oh

I know that I'm done  
I no longer think you're the one (oh no)  
You don't mean shit to me  
We're through officially

I hope that it hurts  
More than we ain't go work  
My eyes can finally see  
We're done officially

So now we're done and we ain't never getting back together  
Let's stop BS'in 'bout us lasting throughout any weather  
Go on and go your way  
Cause I'm a go my way  
And I'm so glad I'm breathing now

And even though I cry  
A thousand million times, it's over  
You baby, you ain't my soldier, I told ya  
I'm tired of all your lies  
So I'm breaking ties  
Hold up, now I'm in control oh

I know that I'm done  
I no longer think you're the one (oh no)  
You don't mean shit to me  
We're through officially

I hope that it hurts  
More than we ain't go work  
My eyes can finally see  
We're done officially

Thought without you I'd be lost  
But it in the end it only caused for me to be free

Now I can finally say (I don't need your love)  
Or your touch anymore

Come on baby!

I know that I'm done  
I no longer think you're the one (oh no)  
You don't mean shit to me  
We're through officially

I hope that it hurts  
More than we ain't go work  
My eyes can finally see  
We're done officially

I know that I'm done  
I no longer think you're the one (oh no)  
You don't mean shit to me  
We're through officially

I hope that it hurts  
More than we ain't go work  
My eyes can finally see  
We're done officially

Eh eh eh eh...  
Eh eh eh eh...

We're so done  
We're so done, baby  
Ay yea
