If U Were My Man

Sarah Connor

If you were my man, I could be your fantasy And if you were my man, I'd give you sweet ecstasy Yes if you were my man, what I'd do If you were my man, if you were my man

Boy I see you lookin' at my body With that look in your eyes And even though you're standing with your girl You've got me on your mind

If we spent one night, boy I'd love to touch your heaven And do you right, just sit back Enjoy the ride Baby close your eyes, there's so many things that I want to do Baby with you, oh baby baby

If you were my man, I could be your fantasy And if you were my man, I'd give you sweet ecstasy Yes if you were my man, what I'd do If you were my man, if you were my man

I'm not into stealin' other lovers But we both know this game And lookin' at the way you want me baby I know you feel the same oh baby

If we spent one night, boy I'd love to touch your heaven And do you right, just sit back Enjoy the ride Baby close your eyes, there's so many things that I want to do Baby with you, oh baby baby

If you were my man, I could be your fantasy And if you were my man, I'd give you sweet ecstasy Yes if you were my man, what I'd do If you were my man, if you were my man

If you were my man, I could be your fantasy And if you were my man, I'd give you sweet ecstasy Yes if you were my man, what I'd do If you were my man, if you were my man

If we spent one night, boy I'd love to touch your heaven And do you right, just sit back Enjoy the ride Baby close your eyes, there's so many things that I want to do Baby with you, oh baby baby

If you were my man, I could be your fantasy And if you were my man, I'd give you sweet ecstasy Yes if you were my man, what I'd do If you were my man, if you were my man

If you were my man, I could be your fantasy And if you were my man, I'd give you sweet ecstasy Yes if you were my man, what I'd do Iif you were my man, if you were my man
