Love on a Two Way Street

Sarah Connor

I found love on a two way street And lost it on a lonely highway Love on a two way street And lost it on a lonely highway

True love will never die So I've been told, but now I must cry It is finally goodbye, I know

With the music softly playing His lips were gently saying I love you

He held me in desperation I thought it was a revelation And then he walked out

How could I be so blind
To give up love the very first time
To be fooled is a hurting pain
To be loved and fooled
Is a crying shame
While I bear the blame
As he laughs my name

With the music softly playing
His lips were gently saying
Honey, I love you, I love you,
He held me in desperation
I thought it was a revelation
And then he walked out

I found love on a two way street And lost it on a lonely highway Love on a two way street And lost it on a lonely highway

Ooh, bye bye baby, bye bye I lost it on a lonely highway Bye bye baby, bye bye I lost it on a lonely highway
