1. Just a little bit more love Just a little bit more passion This is how it should begin Skin on skin

If you leave me now
Telling me you failed somehow
Better think it all over
Just as long as love's around
Here's a true romance
Be aware and take your chance
Tomorrow I'm gonna leave you
But I am here for you tonight

- X: Every single day I want you to know My love is true So baby let me show you what to do
- R: Just a little bit more love
 Just a little bit more passion
 This is how it should begin
 Skin on skin
 Just a little getting close
 Just a little more affection
 'Cause I don't think it's a sin
 Skin on skin

Don't you know that this game is to play Just as long as it's time Can't you see that my heart's gotta know When you're gonna be mine

Just a little more love Just a little more love

- So we better get it on What is here will soon be gone When the leaves are falling Then maybe we could fall apart
- X: And there may come a time When you will forget My love is true So baby let me show you what to do

R: Just a little... (2x)
