

Nothing But a Heartbeat

Say Lou Lou

You used to touch, I used to feel
The shivers down my neck when you kissed me
Were they real?

You took the hope and left me empty
And then you cry please, please
But you and I bleed, bleed

Oooo ahh, oooo ahh
Nothing but a heartbeat (2x)
I've got no air in my lungs
Got no bones in my body
There's nothing left inside of me

Oooo ahh, oooo ahh
Nothing but a heartbeat

They're only words, but words can kill
You wonder when he hits you where it hurts
Is he doing it for the thrill?

My hands are numb and I cant feel a thing
But still you try please, please
And you and I bleed, bleed

Oooo ahh, oooo ahh
Nothing but a heartbeat (2x)
I've got no air in my lungs
Got no bones in my body
There's nothing left inside of me

Oooo ahh, oooo ahh
Nothing but a heartbeat

No love, no fear
Nothing but a post left here

Oooo ahh, oooo ahh
Nothing but a heartbeat (2x)
I've got no air in my lungs
Got no bones in my body
There's nothing left inside of me

Oooo ahh, oooo ahh
Nothing but a heartbeat
