

# Dead Meat

Sean Lennon

Dead meat,  
Don't you know you're dead meat?  
You just messed with the wrong team  
Better not try and fall asleep now.

You better run out of here  
I'll close my eyes and count to ten  
and then I'll come find you.  
Yeah.

You're gonna get what you deserve  
Gonna get what you deserve  
In the end you're gonna learn  
Oh, you'll get what you deserve.

Too much now you know too much  
Only one choice you leave for us  
Do you think they'll believe us, or you?

Hope you realize this isn't a game  
You know the price, so pay up.  
Or your life could be chaos.  
Yeah, yeah, yeah.

You're gonna get what you deserve  
Gonna get what you deserve  
In the end you're gonna learn  
Oh, you'll get what you deserve.

Well you get what-  
You get what you deserve  
Well you get what-  
You get what you deserve
