

# Falling Out Of Love

Sean Lennon

Please just forget me  
Never let me into your heart  
Cos the one thing i am afraid of  
Is falling out of love

Please i'll forget you  
Never let you into my heart  
I left you standing  
Standing in the dark  
It's all falling apart

Stay away  
I'm not myself  
No one can help me now

I've lived for the devil  
With a head full of devilish things  
It only was because  
Cos i was so afraid  
Of falling out of love

Stay away  
I'm not myself  
No one can help me now

I've lost my way  
Don't follow me  
I've lost my way  
Ohhhhh.
