

# Telefone (Long Distance Love Affair)

Sheena Easton

I've been away from you  
For far too long  
Too much absence  
Makes the heart go frantic  
I wanna tell you  
What's been going on  
Operator, get me Transatlantic

I sit alone as the night goes by  
Stare at the phone  
And wait for your reply

Long, long distance love affair, oh, oh  
I can't find you anywhere, oh, oh  
I call you on the telephone  
But you're never home  
I gotta get a message to you  
Wanna tell you what I'm going through, oh, oh

What in the world's coming over you  
How come you're acting like a total stranger  
I try to reach you but I can't get through  
I got this feeling that my heart's in danger

I got your letter  
It was perfectly clear  
Having a ball  
And wishing you were here

Long, long distance love affair, oh, oh  
I can't find you anywhere, oh, oh  
I call you on the telephone  
But you're never home  
I gotta get a message to you  
Wanna tell you what I'm going through, oh, oh

Premonition is a funny thing  
Unfamiliar kind of vague and hazy  
Like knowing when  
The phone is gonna ring  
Too many times and  
It'll drive you crazy

I hear you echoing along the hall  
Call out your name  
But no one's there at all

Long, long distance love affair, oh, oh  
I can't find you anywhere, oh, oh  
I call you on the telephone  
But you're never home

Long, long distance love affair, oh, oh  
I can't find you anywhere, oh, oh  
I call you on the telephone  
You're never home

Long, long distance love affair, oh, oh  
I can't find you anywhere, oh, oh  
I call you on the telephone  
But you're never home

Long, long distance love affair....
