

Black Light Trap

Shriekback

An elliptical Movement
With the attitude of a snake
Then make our incisions
Stand on one leg and deviate
All American action
All lemonade high
Old and cold and going gold

A fanatical schism
As impeccable as a swan
Psychadelic exactions
That lay me down or lead me on
In the ballet of Black-Light
And the agony of the fly
We divide and then collide...

IN THE BLACK-LIGHT-TRAP- We make all our mistakes
IN THE BLACK-LIGHT-TRAP- Go in and out like tiny snakes
IN THE BLACK-LIGHT-TRAP- We fool around but thats ok
IN THE BLACK-LIGHT-TRAP... In the black-light-trap...

Pornographic implosion
Sticky animals on the air
An implaccable suction
That pulls us in and keeps us there
Cryogenic excitement: Dionysian repartee
Creamed and steamed and quite obscene

All chemical all funny-man all belly-flop all dilly dally
All muddy moan all billy bolly all wobble-y all shilly shally
All chemical all funny-man all belly-flop all dilly dally
All muddy moan all billy bolly all wobble-y all shilly shally

IN THE BLACK-LIGHT-TRAP- We make all our mistakes
IN THE BLACK-LIGHT-TRAP- Go in and out like tiny snakes
IN THE BLACK-LIGHT-TRAP- We fool around but thats ok
IN THE BLACK-LIGHT-TRAP... (Watch him go now)... In the black-light-trap...

All chemical all funny-man all belly-flop all dilly dally
All muddy moan all billy bolly all wobble-y all shilly shally
All chemical all funny-man all belly-flop all dilly dally
All muddy moan all billy bolly all wobble-y all shilly shally
