

Sweet Child

Simply Red

Ooh, sweet child
We'd better take care of you
Ooh, sweet child
'Cause you, you, you
Are the future

I see tears where there should be joy
For every little girl
And every little boy
A desert that needs some rain
To help you out and ease your pain
Sweet child
Sweet child of mine

Ooh, sweet child
Never, never, never be blue
Ooh, sweet child
Yes, you, you, you
Are our future

We know that you are
And I'm hoping that you will go far
And whatever you need
I'll try to be with you
'Cause you, you, you
Are the future, yeah-yeah, yeah
Oh-oh, yeah
Sweet child
Yeah-yeah, yeah

Ooh, sweet child
I'm gonna take care of you
Ooh, sweet child
We'd better do nurture for you, yeah, you, yeah
Alright
Alright

I can feel it, baby
You're my sweet child of mine
And I love ya
Always, I will love ya
Sweet child of mine
Sweet child of mine
Alright
Oh, baby
